

## Our New Creative Learning Journey in Year 5.....

# View Masters

### LITERACY, COMMUNICATION AND LANGUAGE

Our focus this half term will be around the story book "The Viewer" by Shaun Tan and Gary Crew. The children will actively explore a range of features through drama techniques. They will

learn how to use figurative language to create an image in the reader's mind. These skills will be used to improve their creative writing.

There is also going to be a strong focus on the correct use of punctuation.

### UNDERSTANDING THE WORLD

As a year group we will be exploring the universe, looking at our solar system then gradually bringing it down to earth. We will be investigating our impact on the planet and how this has changed over time.

### PSHE AND RELIGIOUS EDUCATION

We will be looking at healthy eating this half term, discussing how it affects our bodies. R Time will play a key role in helping children to continue to develop their awareness of others.

### MATHEMATICS AND COMPUTING

During this half term, we will be focusing on the children's understanding of number up to a million and beyond. This will include reading, writing, ordering and comparing the numbers. We will then look at addition and subtraction through a variety of problem solving contexts, focusing on developing the children's reasoning skills. There is a big push this half term to learn our times tables, please take the opportunity to practise as much as possible at home.

### EXPRESSIVE ARTS AND DESIGN

We will be designing and creating our own view master discs, drawing on our understanding of key events in the universe. Children will be given the opportunity to improve their sketching skills through the use of guided drawing sessions. They will also create their own healthy meal for an alien, in order to educate them about balanced lifestyles.

### PHYSICAL EDUCATION

We are exploring invasion games, learning how to work as a team and develop ball skills through football. Please remember to have a named PE kit at school all week.
