2. Barriers to future attainment	
In-school barriers	
A.	Within school variation in the standard of quality first teaching due to significant number of new and recently qualified staff.
B.	Within school variation in the standard of assessment for learning.
C.	A large number of children come from a background with a narrow vocabulary which impacts on reading and writing (particularly spelling)
D.	Children present a high level of need, including greater than average numbers of children on the SEN register and a significant proportion of children with social and emotional needs.
External barriers (<i>issues which also require action outside school, such as low attendance rates</i>)	
E.	17% of children who are PP compared to 5% of non-PP are considered to be persistent absentees (children who are absent for more than 10% of sessions).
F.	Variation between families in ability to support children to achieve at the expected standard across the curriculum. This leads to a gap between the achievement of PP and non-PP children.

3. Desired outcomes

	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	<p>Pupils make rapid and accelerated progress.</p> <p>All lessons are demonstrably part of a sequence of lessons which is designed to secure accelerated progress.</p> <p>In all classrooms, the standard of assessment for learning is consistently good enough to ensure accelerated progress across the school.</p>	<p>All observed lessons judged to be 'good' or 'outstanding'.</p> <p>All books demonstrate that all children make at least one year's progress during the year.</p> <p>Data reflects an improvement in PP children achieving expected and exceeding.</p>
B.	<p>In all classrooms, the standard of assessment for learning and interventions and support systems is consistently good enough to ensure accelerated progress across the school.</p> <p>'Daily Arithmetic' and Maths Minutes are used to enhance children's mental maths skills. These skills are applied within lessons and across the curriculum in CLJ.</p>	<p>Improved standards in Maths.</p> <p>The gap is diminished for PP and non-PP children.</p> <p>All books demonstrate that all children are making progress in all areas of the curriculum.</p>

D.	<p>To provide well-being support for vulnerable children across the school.</p> <p>Children eligible for PP will have increased self-esteem and confidence and reduced levels of anxiety.</p>	<p>In school children will have access to both nurture and mentoring support as small groups or on a 1:1 basis. They will report that they are happier and will be making better progress in their learning with increased confidence and self-esteem</p>
E.	<p>Families have the information necessary to support children throughout KS2. School provides all children with a wide range of experiences.</p> <p>FSP records demonstrate an improvement in areas of concern including attendance, health and attainment.</p>	<p>All parents are confident they can support children throughout KS2.</p> <p>Children at Lionwood are increasingly able to make links to their reading and maths skills.</p> <p>FSPs and pastoral support are given to pupils and families in order to deal with causes of poor attainment, including attendance, CP concerns and health.</p>
